# To: The Managerial Authorities of Recognised Primary, Secondary, Community and Comprehensive Schools and The Chief Executives of Education and Training Boards

# Post-1 January 2011 New Entrant Special Needs Assistants – Recognition of Previous Public Service in another EU Member State

1. The Minister for Education and Skills wishes to inform management authorities and Special Needs Assistants (SNAs) of revised arrangements for the recognition of previous service in an analogous position in the public service of another EU Member State when determining whether an individual is a new appointee and the appropriate salary scale on which to place him/her. The revision arises from a recent decision of the EU Commission in this regard.

#### **Current Position**

2. The position heretofore (as set out in Circular 0058/2014) is that previous service in an Oireachtasfunded SNA post in Ireland is recognised when determining the date of first service and, accordingly, the salary scale payable to the SNA.

### **Revised Arrangements**

- 3. Under the revised arrangements, previous service in an analogous post in the public service of another EU Member State will be recognised on the same basis as if such service was given in Ireland when determining the appropriate salary scale payable to the SNA.
- 4. Serving SNAs who are classified as post-1 January 2011 entrants and who have previous service in an analogous post in the public service of another EU Member State should now apply to have such previous periods of service assessed using the application process set out overleaf. Salary arrears, where applicable, will be paid in due course.
- In respect of SNAs recruited after the date of this circular, previous service in an analogous post in the public service of another EU Member State will be assessed when determining the appropriate salary scale payable to the SNA.

#### **Application Process**

Serving SNAs who are classified as post-1 January 2011 entrants and who have previous SNA service in an analogous post in the public service of another EU Member State should now apply to have such previous periods of service assessed to determine the appropriate salary scale payable as follows:
